

RONALD LARROZA JR.

Computer Engineering Graduate

09[REDACTED] larrozaronald092468@gmail.com <https://ronaldjr-git.github.io/v4/>

Unit 1 Pagrai Hills Brgy. Mayamot Antipolo City

ABOUT ME

I am a Computer Engineering graduate from Rizal Technological University with hands-on experience in hardware maintenance, system troubleshooting, and full-stack development. My background includes managing large-scale laptop and desktop inventories, where I specialized in hardware assessments, system optimization, and building integrated IoT solutions.

EXPERIENCE

- Casterly Venture Corporation (2026)**
 - 300-hours internship which I handle the full technical assessment and maintenance of laptop and desktop systems, including hardware teardowns, deep cleaning, and troubleshooting. I also manage software setups by installing operating systems and drivers to ensure every unit is fully functional and ready for selling.

EDUCATION

Bachelor of Science in Computer Engineering	Rizal Technological University	2022-2026
STEM Strand	Antipolo City Senior High School	2020-2022
Basic Microsoft Office (NC1)	Siena College of Taytay	2017

SKILLS

- Hard Skills (Tools & Tech):**
 - Languages & Web: Kotlin, Java, C#, HTML, CSS, JavaScript
 - Software & Hardware: Android Studio (Full-stack Mobile), Embedded Systems, Troubleshooting
 - Networking: LAN, Wi-Fi, and Router Configuration
- Soft Skills (Work Style):**
 - Logical Problem Solving, Adaptable Leadership, Technical Debugging

CERTIFICATIONS

GOOGLE AI PROFESSIONAL	GOOGLE	JUNE 2026
GOOGLE IT TECHNICAL SUPPORT FUNDAMENTALS	GOOGLE	JUNE 2026
